The WorkSource of the South Plains board of directors recently adopted the new name 'WorkForce Solutions South Plains'. The new name and logo was unveiled in April during the 7th annual Gala and Employer Award Ceremony. The name change is a result of efforts by the Texas Workforce Commission (TWC) to coordinate a unified brand for the workforce development system in Texas. The Texas Workforce Solutions Network is comprised of twenty-eight workforce development board areas located throughout Texas. The Workforce Solutions (WFS) brand name was accepted by each of the twenty-eight boards and efforts are underway to market the statewide brand in Texas. The WFS website has changed as well – log on to www.spworkforce.org to view the newly enhanced site ... user friendly, comprehensive and chock full of resources!

WFS celebrates its tenth year anniversary this year. Chartered in 1998, the local workforce system is noted for developing high-quality services designed specifically to meet the demands of South Plains employers and jobseekers. We take pride in knowing the work performed each day actually touches the lives of area residents. Our past successes could not have been possible without the assistance of the partner agencies that collaborate with WFS to develop and provide solutions aimed at ensuring a higher quality of life for those who live and work in the region.
